

# VOLUNTEERING

---

## VOLUNTEERING HOW TO'S

Find what's important/meaningful for both the volunteer and the organization

- This will lead to a good match, helping both the volunteer and the chapter grow
- Build a pipeline of volunteers

Why volunteering is important

- Build your professional network
- The more you give, the more you get
- Gain skills and experience
- Develop as a leader
- Receive recognition
- Build your resume

Key questions to ask

- The purpose of the volunteer opportunity
- The experience, skills, and time required
- How success will be measured
- Who the volunteer will report to

What's stopping people from volunteering

- The number one reason why people don't volunteer is because no one asked them to
- Not enough clarity regarding time/work commitment

## VOLUNTEER INTEREST FORM

[                      ] has many opportunities for members who want to be involved. If you are interested in learning more about the chapter or in volunteering, please fill out this form:
